

CONNECT-ED RAPID NOTIFICATION PHONE SERVICE

Dear Parents,

In January of 2008 the Wynford School District the Wynford Schools implemented the use of Connect-ED, a rapid notification phone service that allows the district to personally communicate with parents and staff regarding emergency situations, school events, and other important issues impacting parents and children within the school district. **If your child is a new student in the district, or your phone numbers have changed since the end of last year, please fill out the form below and return it to Loretta Hurles at the Board of Education office.** By returning this form you will be guaranteed contact in the event of school delays and closings. Please note that the service cannot dial an extension so be sure to include direct lines. We recommend that attendance messages be routed to a number other than the home telephone number unless someone is always home during the school day. Please feel free to contact the Board of Education office at 419-562-7828, extension 209, if you have any questions regarding this phone service.

Please **print** all current information for each of your students:
