

From the Desk of Mrs. Nutter:

It is hard to believe we have started the second quarter of the school year!

Don't forget, students are not in session tomorrow, November 7th, since our school is a voting precinct. Please remember to get out and vote!

We are collecting Halloween Candy to send to our troops. Information was sent home last week with students; we are collecting all this week.

I hope you are all looking forward to spending some quality time with your family and friends over our upcoming Thanksgiving break. Please note that students will be released at 1:30 on Tuesday, November 21st.

Please make sure that your student is dressed appropriately for the weather as they will be going outside for recess as long as the temperature remains above 20* and it is not raining. The recent fluctuations in temperature have shocked us all and students have not always been prepared for recess.

We will be holding the annual food drive for the Salvation Army from November 20th to December 11th. Please consider sending in non-perishable food items at that time to help support families in need.

We will also be collecting gently used clothes for Goodwill in December, so start sorting now! If at any point you have any questions or concerns, please contact me.
Yours in Education,
Nelle Nutter

Happy Thanksgiving!

LEADER IN ME

The *Student Lighthouse Team* is a part of our *Leader In Me* program. Members are chosen because they have exceptional leadership skills and are committed to serving our school. Throughout the year they will work on school improvement projects, community service projects, and work with the *Staff Lighthouse Team*.

We are proud of all the students who applied for the Student Lighthouse and encourage all of our students to be Leaders.

The following students were chosen to be on the 2017-2018 Student Lighthouse Team:

Grade Four:

Briley Hildreth, Brock Saam, Bailey Armstrong, Jace Stuckman and Emily Schuster

Grade Five:

Mallorie Williams, Anthony Evans, Addy Lust, Drew Johnson, Dawson Pelter, Autumn Thoroughman, Seth Pope, Marty Schuster, Weston Prenger and Adison Stucky

Grade Six:

Nate Rabun, Cassandra Kurek, Abby Rupe, Natalie Johnson, Emily Goldfuss, Jeremiah Stallard, Aubrey Hastings, Linnea Gerlach and Maya Collene

Just last week they hosted their first "Community Brunch." There were approximately 20 guests invited for breakfast and a presentation by the Student Lighthouse Team. The guests were given a tour of the building, were interviewed and introduced by one of the students, 1st graders sang, and after the presentation were shown a video.

We have another "Community Brunch" scheduled in December. We look forward to being able to share the great things happening here with members of the community and our local stakeholders.

Habit 1: Be Proactive is about taking responsibility for your life. You can't keep blaming everything on your parents or grandparents. Proactive people recognize that they are "response-able." They don't blame genetics, circumstances, conditions, or conditioning for their behavior. They know they choose their behavior. Reactive people, on the other hand, are often affected by their physical environment. They find external sources to blame for their behavior. If the weather is good, they feel good. If it isn't, it affects their attitude and performance, and they blame the weather.

Staying in "The Know"

*A monthly school newsletter will be sent home to all students in the elementary building.

*Teachers created classroom newsletters regularly.

*Please check the school website for updated dates and forms.

www.wynfordroyals.org

Don't forget to like our **FaceBook** page (Wynford Elementary School) and Follow us on Twitter @MrsNutter_WES for quick posts of information, delays/cancellations and events happening in our school.

21st Century Learning Grant ROYAL Learners Program

Our before and after school program is up and running. We are currently serving about 40 students in the mornings and about 30 students in the afternoons.

We continue to put a focus on reading and math intervention by using the online i-Ready program. We have community partners come in and speak to the students every Thursday and have partnered with the PTO to attempt to get more parent involvement in their monthly meetings.

We are so fortunate to have received this grant and are off to a great start to year two!!
